

# THE COST OF THE SCHOOL DAY

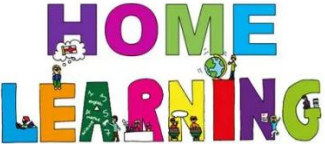

## Cost of the School Day at St. Paul's PS: 2025-2026

Staff across the community of St. Paul's PS are aware of the effects of poverty and how it relates to the context of our school, our children and our families. We are committed to helping reduce the cost of the school day and to narrow the poverty related attainment gap. We carefully consider our plans and actions to ensure equity of opportunity for our learners and their families. We are also mindful of the financial impact aspects of learning and events may have on our families.

The information below illustrates the strategies and measures we have put in place to address the cost of the school day. These are reviewed and refreshed every school session as our school community changes and grows.
